

Well the first time that I saw ya, you looked down and out
And I had my doubts... about you
But baby since I've come to know ya, I ain't got no doubts
What it's about

Me and baby, we're going out tonight
She's gonna treat me right... Ooh yeah
Me and sugar, we've got it all sewn up
She fills my loving cup, we're going head first

Well the second time that I saw ya, boy you'd really improved
I was really moved... how I wanted you
I'm knocking at your door... to see if you're alone tonight
Cause I need some more... of what you got

Me and baby, we're going out tonight
She's gonna treat me right... Ooh yeah
Me and sugar, we've got it all sewn up
She fills my loving cup, we're going head first

[Bridge]

Baby baby baby, take me in your arms and love me
Cause you know what I am.... anyway
You got me on my knees... I'm gonna say please if you want me
Cause I want you so... I'm never gonna let you go

Me and baby, we're going out tonight
She's gonna treat me right... Ooh yeah

Me and sugar, we've got it all sewn up
She fills my loving cup... We're fallin' head first

Me and baby, we're going out tonight
She's gonna treat me right... Ooh yeah

Said that me and baby, we've got it all sewn up
She fills my loving cup... Ooh yeah

Me and baby, me and baby gonna rock and roll
She fills my loving cup... It's gonna be alright

Me and baby, we're gonna rock and roll
We're gonna rip it up... we're fallin' head first
