

Driving faster than you want me to
Can't help myself when I'm alone with you
Alright... Alright!
I've passed the limit and there's no way back
Your kind of love gives me a heart attack
Alright... Alright!

'Cause baby can't you see
We need to spend some time alone
We need to see some dreams come true
I wanna feel me touching you
We need a midnight rendezvous

On the freeway with the throttle down
You drive me crazy as we drive around
Alright... All night!
The way you look tonight you aim to please
The dress you're wearin' is way past your knees
Alright... Alright!

'Cause baby can't you see
We need to spend some time alone
We need to see some dreams come true
I wanna feel you touching me
We need a midnight rendezvous

Midnight! Midnight rendezvous
Midnight! Midnight rendezvous
Midnight! Midnight rendezvous
Midnight! Midnight rendezvous
Yeah yeah

All I really wanna do... is spend some time alone with you
Yeah, A midnight...
(Baby! Baby can't you see)
(Baby! Baby you and me)
(Baby! Baby can't you see)
(Baby! Baby you and me)
A midnight rendezvous!

Yeah!
