

Outside of Needles I pulled over on the shoulder A young thing came walking She gave me consolations	I nearly lost my mind Yeah, and I was there some time From out behind the trees And this is what she said to me
---------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------

Firebirds! Energy weapons! I don't care how you get them	Both these things are interesting to me I need 'em both and I need them urgently
-------------------------------------------------------------	-------------------------------------------------------------------------------------

Yeah, I said I can get with that But I don't own a Firebird Outside of the valley She took off her sunglasses	Oh, I like those things too Perhaps this Datsun will do Yeah, we got to overheatin' And said I believe this bears repeating
------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------------------------

Firebirds! Energy weapons! I don't care how you get them Firebirds! Energy weapons! I don't care how you get them (Firebirds!)	Both these things are interesting to me I need 'em both and I need them urgently Both these things are interesting to me I need 'em both and I need them urgently
--------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------

[Bridge/Solo]

Outside of Barstow Sometimes doing odd jobs Yeah, things went sour When I asked her why	We got to livin' on the lam And sometimes living off the land And the girl, she got to packin' She said there are 2 things you are lackin'
--------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------

Firebirds! Energy weapons! I don't care how you get them Firebirds! Energy weapons! I don't care how you get them Firebirds!	Both these things are interesting to me I need 'em both and I need them urgently Both these things are interesting to me I need 'em both and I need them urgently
