

I'm just a dumbass country boy
I think people wanna rock, but what do I know?
I remember the days when men were men
If it were up to me, I'd bring 'em back again
And I'd kick your candy asses up around your jaded ears

I'm just a dumbass country boy
I think people wanna rock, but what do I know?
I got friends with names like Slim & Coy
Just a dumbass country boy

I'm just a dumbass country boy
I punch the clock for 40 'cause it's all I know
Remember the days of jammin' drugs and love
And it was cool to say yes to all the above
And I still can't find nothing wrong
With saying yes to smoking mother nature

I'm just a dumbass country boy
I think people wanna rock, but what do I know?
Got friends with names like Slim & Coy

Now people listen to me, I'm your social conscience
I been gone for a while, you've had to make it on your own
Now people listen to me, you had no social conscience
Gotta get up, get up, get up & get over it!

Hahaha! I just wanna change the world. change the world's diaper that is!
All those tender ass sons o' bitches out there!
Who are all these goobers who say what's cool, what's not cool
What's hip, what's not hip?
Yeah, I might be a one hit wonder
I might not, but then again it might only take me one hit
To knock your teeth down your goddamned throat!
[unintelligible]
It's time for me to drive this fuckin' Impala
You want me to program your ass? I'll program your ass!
Listen to me motherfucker! Listen to meeeee!

I'm just a dumbass country boy
I think people wanna rock, but what do I know?
I got friends with names like Slim & Coy

(Dumb ass!) I'm just a dumbass country boy
(Dumb ass!) I think people wanna rock, but what do I know?
(Dumb ass!) Got friends with names like Slim & Coy
(Dumb ass!) It's the simple things that I enjoy
