

Now when the day goes to sleep
And the full moon looks
And the night is so black
That the darkness cooks
And you come creepin' around
Making me do things I don't want to do

I can't believe that you need
My love so bad
Always sneakin' around
Trying to drive me mad
Bustin' in all my dreams
Making me see things I don't want to see

[Solo]

'Cause you're the Green Manalishi
With the two-pronged crown
All night dragging us up
Or you're bringing us down
Just taking my love, then slip away
Leavin' me here, trying to keep from following you
