

Wild thing!
Wild thing!

Wild thing, I think you move me
But I wanna know for sure!
Every time I kiss you, I taste what other men had for lunch!
The only thing that can get you off is to see me in pain
But I think I love you!

Wild thing!
You make my heart scream!
You took everything! Oh!
Wild thing!

Wild thing, I think you move me!
Ah, that just came to my mind - I thought I'd say that
You made me trust you, then stuck the knife in my heart!
You're a lying, unfaithful, untrustable tramp, and I think I love you!

Wild thing!
You make my heart scream!
You took everything! Oh!
Wild thing!

[Solo]

Wild thing!

Oh, we've all got some kind of wild thing
that went through our lives and made it hell
'cause everybody's had one - you, me - NOBODY likes to lose!
And you know she's out there, laughing at ya
I don't care if it was last week or the 3rd grade!
Someone broke your heart! What was her name!?

Wild thing!	(I'll never forgive you!)
You make my heart scream!	(How do you live with yourself?!) (You never loved me!)
You took everything!	(You used me!)
Wild thing!	(I hope you slide under a gas truck and taste your own blood!)
Wild thing!	(Why didn't you tell me you were a demon from Hell?)
You make my heart scream!	(You deserve the men you're gonna meet, you loser!)
You took everything!	(Railroad bums! Transients! Out-of work guys!)
Oh, wild thing!	(Guys who're gonna use you like you used me!)
Wild thing!	(Guys who'll take money outa your purse and crawl out a window!)
Wild thing!	(Oh! O-o-o-o-o-oh!)
Wild thing!	(What's her name?)

Yea-a-a-a-a-a-ah!
