

She spent the whole of last summer looking out for a six foot two
She gave them all a good chance, she was cool so she told 'em what to do
What she needs is a real special guy
And if you knew her you would never wonder why
When you see her, now you see her with a six foot two
Ohhh Ohhh

She never takes a chance	She doesn't need romance
Her love is	(Rock hard!)
She never takes a chance	She never deigns to dance
Her love is	(Rock hard!)
(Rock hard!)	(She's rock hard!)

She goes to parties with her boyfriend hanging on her arm
No one gives her any lip no one does her any harm

All the other girls hanging in the hall
She's got the boys all wishing they could call
She starts making out, someone's ringing on the fire alarm
Ohh! Ohhhh!

She never takes a chance	She doesn't need romance
Her love is	(Rock hard!)
She never takes a chance	She never deigns to dance
Her love is	(Rock hard!)
(Rock hard!)	(She's rock hard!)

[Interlude 1]

All the other girls hanging in the hall
She's got the boys all wishing they could call
She starts making out, someone's ringing on the fire alarm
Ohh! Ohhhh!

She never takes a chance	She doesn't need romance
Her love is	(Rock hard!)
She never takes a chance	She never deigns to dance
Her love is	(Rock hard!)
(Rock hard!)	(She's rock hard!)
