New kid in town Got fancy clothes
Old T-Bird car, baby And you can tell your nose
He said, where is all the action in this town?

Stop working on the women
Heard enough about sin, girl
What makes him so special anyhow?

It's on real slick
Gonna make it stick Hey!

She said, so good lookin' that's a fact Steel guitars run across his back The girls all know he's Way Cool Junior [Check him out on his good side]

Heard he came from Memphis Started hangin' with the blues crowd What is all this talkin' goin' round? Somewhere down south
That's how he got that crazy sound

She said, so good lookin' turns me on Out all night, keeps me up 'til dawn The girls all know he's Way Cool Junior

You know you can't have fire without the flame Can't keep the fortune without the pain That's how he makes it when he's on his own

Way Cool Junior! You don't live it up or never live it down Way Cool Junior! He's the hottest thing to ever hit this town

[Solo] Go man go!

She said, so good lookin' and that's a fact Steel guitar scratched off the back Everybody knows it's Way Cool Junior

You know you can't have fire without the flame Can't keep the fortune without the pain That's how he makes it when he's on his own

Way Cool Junior! Always comin' 'round the bend
Way Cool Junior! He's gonna live it up or never live it down

Way Cool Junior!

Way Cool Junior!
