

Like it played loud. Powerhouse sounds
My body wants to rock it, let it out
Really high born, morning 'til dawn
I'm going all the way just on and on

It's gonna be wild! Gonna be wild!
Gonna be wild!
Na-na-na-na-na-na now!

Teach me to fly, wanna stay high
I have to live it up before I die
Nightlife and booze, girls to choose
Are you ready, baby? Come on, let's cruise

It's gonna be wild! Gonna be wild!
Gonna be wild!
Na-na-na-na-na-na now!

[Solo]

Getting out of control
There's nothing that can bring me down
Nothing I'll leave out tonight
I'm feeling good, I'm living now!

I like it real hot. Never can't stop
I'm running down the line to the top
Never stay low. I'm on the go
No one holds me back from my show!

It's gonna be wild! Gonna be wild!
Gonna be wild!
Na-na-na-na-na-na now!

It's gonna be wild! Gonna be wild!
Gonna be wild!
Now! Now! Now! Now! Now! Now! Now!
