In the dark

In the dark, ah, ah, ah, ah, ah

Life isn't easy from the singular side Down in the hole, some emotions are hard to hide It's your decision, it's a chance that you take It's on your head, it's a habit that's hard to break Do you need a friend, would you tell no lies Would you take me in and are you lonely in the dark In the dark In the dark In the dark You never listen to the voices inside They fill your ears as you run to a place to hide You're never sure if the illusion is real You pinch yourself but the memories are all you feel Can you break away from your alibis Can you make a play or will you meet me in the dark In the dark, ah, ah, ah Don'tcha need me, hey, hey Don'tcha need me, oh yeah Don'tcha leave me, hey! hey! Don'tcha need me, oh yeah [Solo] You take no interest, no opinion's too dear You make the rounds, oh you try to be so sincere You guard your hopes and you pocket your dreams You'd trade it all to avoid an unpleasant scene Can you face the fire when you see me there Can you feel the fire will you love me in the dark In the dark In the dark In the dark In the dark
