

Was a fast tough woman
Loved to play the clown
You won't do nothin' about it
Break a good boy's resistance down

Ya know she's got a pistol
Laid it down on me & she said
Shoot-shoot, shoot it boy
You gotta.. shoot it for me

Convinced me that she was worth it
Never knew I was her kill
And two 45's would do the trick & pay the bills

You know she's got a pistol
Laid it down on me & she said
Shoot-shoot, shoot it boy
You gotta shoot it for me

I've really got to get a fast ride out of here
Gotta get a fast ride out of here
Gotta get a fast ride out of here
Gotta get a fast ride out of here now

[Solo]

Holdin' out in my hotel room, police they finally come
And there's the prosecution, and my friends have palmed the gun

You know she's got a pistol
Laid it down on me & she said
Shoot-shoot, shoot it boy
You gotta shoot it for me

I've really got to get a fast ride out of here
Gotta get a fast ride out of here
Gotta get a fast ride out of here
Gotta get a fast ride out of here now
